SUMMARY

Detail-oriented and empathetic former PA with an affinity for problem-solving, passion for DEI, and excellent communication skills. Seeking to transition into Product Design, merging technical skills obtained in a comprehensive bootcamp with transferable skills and inclusive approach to design.

WORK EXPERIENCE

Volunteer Product Designer, THE MIX Church

April 2024 - Present

- Collaborating with stakeholders to complete a comprehensive responsive website redesign
- Conducting user research, wireframing, interactive prototyping and user testing.
- Creating strategic information architecture with sitemap and user flows
- Implementing design iterations based on user and stakeholder feedback

Physician Assistant, Mindful Care Psychiatry

Nov 2022-Aug 2023

- Conducted detailed patient assessments and developed comprehensive treatment plans, emphasizing empathy and a patient-centered approach to care
- Modified treatment plans based on patient feedback and outcomes, resembling the iterative design process
- Utilized analytical thinking to solve complex psychiatric diagnoses, showcasing problem-solving abilities

Physician Assistant, NewYork-Presbyterian/Columbia Irving Medical Center

Jan 2022 - Sep 2022
